

COPENHAGEN  
CONSENSUS 2004

YOUTH FORUM CLOSING MAY 28

# YOUTH FORUM 2004

## *FINAL RANKING (CHALLENGES AND OPPORTUNITIES):*

PRIORITY	CHALLENGE	SELECTED OPPORTUNITY
1	Malnutrition and Hunger	Investment in Technology in Developing Country Agriculture
2	Communicable disease	Scaled-up basic health services
3	Governance and Corruption	Grassroots monitoring and service delivery with technical assistance and information provision provided centrally by government or NGO's.
4	Education	Quality of education, with emphasis on a holistic model, including informed life decisions, health, civic awareness, ethical and cultural issues.
5	Conflicts	An international peace fund to support regional solutions to regional conflicts
6	Sanitation and Water	Community-managed low-cost water supply and sanitation
7	Financial instability	Change the governance structure of the World Bank and the International Monetary Fund to give more power to developing countries
8	Subsidies and Trade barriers	A balanced Doha Round with stronger support for institutional development in poor countries and institutional improvements at the global level.
9	Climate change	Kyoto plus awareness raising and development of new technology and allowing tariffs (in the WTO) against countries who do not meet the Kyoto targets
10	Population: Migration	Active Immigration Policies, including lower barriers, promoting cultural understanding, policies to attract professionals and cross-country dialogue.
