Recap of the work process

- What would happen without this proposal?
- Count all the costs, also outside of government, and unpaid time
- Benefits
  - **Value of additional outputs, or, higher incomes**
  - **Savings of time, and inputs (costs)**
  - **Reduction in losses, risks, accidents**
  - **Improvements in health**
- Typically we don't know the impact size before implementation
  - **Informed appraisal via impact studies and evidence from Bhutan, the region, or international. Most likely outcome. Sensitivity analyses.**
  - **If implemented M&E will give the true answer**
